UNION PETROCHEMICAL PUBLIC COMPANY LIMITED

BIODIVERSITY POLICY

Union Petrochemical Public Company Limited (the "Company") recognizes the importance of biodiversity, ecosystems, and natural resources, which are essential foundations for the environment, communities, and sustainable business operations. The Company is therefore committed to preventing, minimizing, and restoring potential impacts arising from its operations and related activities throughout its value chain.

Biodiversity Management Objectives

1.1 Avoid conducting business operations in areas of high biodiversity value, such as sites designated as World Heritage Sites under the criteria of the United Nations Educational, Scientific and Cultural Organization (UNESCO), wetlands of international importance, and protected areas designated by the International Union for Conservation of Nature (IUCN).

1.2 Avoid causing adverse impacts on the environment and biodiversity through business operations.

1.3 Promote the participation of employees, business partners, communities, and relevant stakeholders in supporting biodiversity conservation, restoration, and knowledge development.

This Policy applies to all directors, executives, and employees and covers the Company's offices, factories, warehouses, projects, and business activities under its control.

This Policy shall take effect on 1 May 2025.
